

FOURTH ZONE Digestive Zone

1. As the nerves to the **LIVER** are being adjusted, you will notice an improvement in your **APPETITE**. Food will taste better and will be **DIGESTED** better.

Q: Have you noticed this?

A:

2. Restoring the nerves to the **GALLBLADDER** to normal will bring about better **DIGESTION** and better **ELIMINATION** from the bowels.

Q: Has this happened?

A:

3. Restoration of the **STOMACH GLANDS** to normal will enable you to eat foods that have upset you in the past. Your **APPETITE** will improve and digestive troubles will disappear.

Q: Do you notice an improvement?

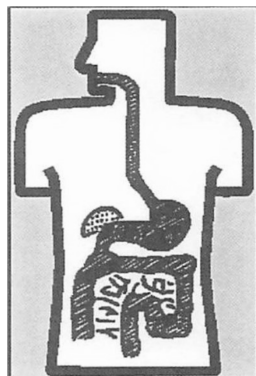

A:

4. All **GLANDS** to the **INTESTINES** are being stimulated. This will enable you to assimilate foods better. There should be a tendency to return to **NORMAL WEIGHT**.

Q: Has there been a change in weight?

A:

Please read this slip **NIGHTLY** just before bedtime. Answer the questions on a nightly basis and return to your doctor when all answers are "YES".
